FEATURES

The Shell Series ST-9050 gloves is engineered with high level of protection against impact, vibration and cut hazards with optimum functionality and grip. Through multiple technologies and features, ST-9050 was built to provide the best solution for oil, gas, drilling, rigging, construction, demolition and mining industries.

STEGO® SHELL-GRD® on the back of the hand and fingers is an advanced impact protection system that provides greater protection and dissipates forceful blows to keep the hands protected from smash and pinch injuries. ST-9050 has Kevlar double stitching pattern for increased durability.

Our specialized STEGO® Shell Series gloves are engineered to perform lengthy working hours while giving the highest protection, comfort, dexterity and durability needed to get the job done. ST-9050 offers Cut Level 5 protection with optimum abrasion resistance.
