

## WORK TROUSER

Article No.: 04205FT01

**Flash Armor**® inherently flame-retardant and high temperature resistant garments do not support combustion in the air, melt or drip due to their molecular structure and its flame retardant characteristics cannot be washed away. Our range is designed to cater for working conditions around the world as garments are offered in various designs and options.

Flame resistant clothing made with **Flash Armor**® provides valuable peace-of-mind, which enables those who wear it to focus on the job at-hand & perform to their fullest potential.

**Spartex**® is a high performance inherently flame-retardant fabric for industrial workwear, processed and constructed with premium fabric woven blend. Designed to help mitigate potential injuries due to electric arc and flash fire exposure, while providing enhanced durability and comfort. The combination of these capabilities makes it an ideal fabric for industrial workwear occupations in manufacturing, utilities, electrical maintenance, petrochemical, welding, and steel.

**Spartex**® has an enhance comfort and improve aesthetic qualities that delivers premium FR performance while enhancing worker comfort through improved breathability and optional stretch.
